

Event "Follow traces of the Bachelors' legend" and a gourmet dinner

Eight bachelors, who founded Valmiera's "Vecpuišu parks" (transl. "Bachelors' Park"), are not mystical characters - they were real people, who, on a daily basis, traced the same paths as Valmiera's inhabitants and guests of the town take today. Smart brain games and puzzles, a wide range of emotions and a huge satisfaction, which is definitely experienced by anyone, who, with the quickness of their body and wit, is able to neutralize the Loop Pool time bomb at the scheduled time.

A delicious dinner in the restaurant "Vecpuišis" follows the abundant with adventures team event. Delicious and with a task. What task? Only eight bachelors know it
